the 12th September, 2011.

The Government of India has set up a 'Not for Profit' company by the name 'Invest India' under section 25 of the Companies Act, 1956 for facilitating investments in the country. The company is a joint venture between the Government of India, Federation of Indian Chamber of Commerce and Industry (FICCI) and the State Governments.

Notwithstanding the fact that India is now one of the most preferred destinations for foreign investments globally, efforts towards promotion and facilitation of investments can be strengthened if investors across the world are provided access to timely, accurate and reliable information required to make investment decisions and their queries are answered effectively and to their satisfaction.

To achieve this objective as also to enable Invest India to reach out to investors across the world, it is important that an investor gets an opportunity to establish contact with 'Invest India' as easily as possible.

In pursuance of this objective, I would request the Ministry/Department kindly to help investors gain access to Invest India by prominently displaying the logo of Invest India and the hyperlink itself, i.e. <http://www.investindia.gov.in/> with a caption "For investment related queries, contact Invest India at <http://www.investindia.gov.in/>" on the Ministry's/Department's website.

With kind regards,

Yours sincerely,

(Talleen Kumar)
