

Deepawali Greetings from the Director General

On the joyous occasion of Deepawali, the festival of lights, I feel privileged to convey my warmest greetings and cordial wishes to all the CISF fraternity and to their families.

Deepawali signifies the eternal triumph of good over evil and is celebrated across the country with joy, devotion, and hope for a brighter tomorrow. This festival of light also marks a new beginning and inspires us to illuminate our work environment with renewed commitment. As protectors of the nation's vital installations, we must continue to enhance the quality of security services we provide and build a robust security culture.

Deepawali, a celebration of righteousness and resilience, reminds us of our duty to serve with honesty, dedication and integrity. I have full faith that our officers and personnel will continue to uphold these values, contributing to the vision of a strong, secure and prosperous India.

May this Deepawali bring light, warmth and happiness into our homes. I extend my heartfelt wishes for good health, prosperity and joy to every Force personnel and their families.

Jai Hind!

(PRAVEER RANJAN)
Director General
