## **Women fired from job, attempts suicide by jumping off building**

New Delhi: A 25-year-old woman allegedly attempted suicide by jumping off a building at Delhi Metro's Akshardham station on Thursday morning. The Central Industrial Security Force (CISF) personnel on the ground tried to save her but the woman succumbed to the injuries in the evening, the police said. The deceased worked at an e-commerce company in Gurgaon. She was recently removed from her job. "It is suspected that she was upset over losing the job and attempted to kill herself. Her family told the police that she left her home last night and came to Delhi," police said.
